1. Key to Using this Product Guide

a. Introduction

The majority of our products available have been included in the following guide. The guide has been compiled in item category order and is electronically searchable.

By pressing Ctrl + F, this will bring up a search box and allow you to find certain items you are looking for. E.g. if you were looking for what straws we stock, just enter straws in the search box and it will highlight all instances of straws in our product descriptions.

The table of contents is also dynamic and if you click on a certain category, it will take you directly to that section in the document.

b. Item Details

The detailed information of items (see below example) includes the following information:

- Item number – this is our internal short code which is keyed by our Customer Services Team to order an item. Each item has a unique item number
- Brand – This is the usual brand of the item
- Item Description – this is the full description of the item and usually includes important information about each item. This can include:
 - What the item is
 - Whether an item is fresh or frozen
 - Weight or quantity of an item (e.g. 800GM is 800 grams)
 - How an item is normally sold (e.g. each or packets)
- Order UoM (unit of measure) – what quantities you normally order in.

Item No.	Brand	Item Description	UoM
STESS	FISHERS	FRESH SILVERSIDE /KG	KG
STESTRIM	KAANS BUTCHERY	FRESH ROLLED STRIPLOIN STEAK / KG	KG
STESU	SILVER FERN FARMS	FRESH STRIPLOIN STEAK /KG	KG

c. Definition of Symbols:

- Items denoted with a * normally need to be ordered in and therefore at least 48 hours is required to order these items
- CTN ONLY – these items can only be brought by the carton
- GM – Grams
- LT – Litres
- KG – Kilograms
- PKT – Packet
- GF – Gluten Free

2. Red Meat

c. Processed

Our in house butchery operates six days a week to create pre-cut ready to cook meat goods for your kitchen. Our cuts and portions vary significantly as you will see from the below list. Using our processed meat goods is a great way to reduce preparation times, improve staff utilisation and reduce waste.
